- 2:45-3:15 **The What, Why and Why Now of Next Gen Sector Partnerships**
Lindsey Woolsey, President, The Woolsey Group, Co-founder Next Gen Sector

*Sector partnerships are not new. For decades, workforce development, economic
development and education partners have worked to bring employers together
to tackle shared workforce and broader competitiveness. But not all sector
partnerships achieve the same impact. We'll dig into what makes the model
different, including real examples from regions across the country.*

*This session will get into the practical, nuts-and-bolts process that will lead up to
the Launch of a sustainable sector Partnership. We'll discuss roles of the regional
sector support team (including education, workforce development, and economic
development) and will take stock and start planning along each step.*
- 3:45 – 4:00 **Mini-simulation of a Healthcare Launch Meeting**
A walk-through of what a launch meeting actually looks like will give us a
snapshot of what we need to build toward.
- 4:00-4:15 **The Step-by-Step Process continued – Steps 4-5**
*Organizing the aftermath and planning for sustainability should start now. We'll
touch on what must happen to orchestrate smooth sailing.*
- 4:15-4:30 **Wrap up and next steps**
Last needed discussion and Q&A.
- 4:30 **Adjourn**
