

Save the Date: Launching the Motherlode Healthcare Industry Partnership – June 6, 2019

Dear Motherlode Healthcare Provider,

As leaders in our region's healthcare sector, we know firsthand how fast the healthcare industry is changing. Every day we are faced with pressing questions and issues related to patient care quality, costs of care, a qualified workforce, technology innovations, public awareness and wellness, among a myriad of other topics. It is clear that no single organization can do this work well alone. We must work across healthcare organizations and with community partners to navigate the new demands. That's why we, Sutter Health, Dignity Health, Adventist Health, and John C Fremont Healthcare District, have come together to jointly invite you to participate in the launch of the Motherlode Healthcare Industry Partnership (the M-HIP). Please join us on June 6, 2019 at 12:00 PM.

This Partnership will be our place to:

- **Jointly create an agenda** that supports the stability and growth of the healthcare industry in the region;
- **Commit to coordinated action** and implementation of shared, high priority areas by public and private sector partners.
- **Create a forum** for the members of our region's healthcare and medical organizations for consistent, quality connections, networking, information and idea sharing.

This concept is modeled after partnerships in other regions of the country. They are a way for healthcare organizations in a shared labor market region to come together around important issues. They are also a single table at which to work with multiple public programs in education, workforce development and economic development. We expect to come out of the meeting ready to collaborate on a set of clear priorities and next steps.

The meeting will be professionally facilitated. Community partners such as workforce development, education, economic development, and others will be there too. They will be in "listening" mode in order to better understand how they can help. They will be a critical piece to acting on the priorities we define going forward.

The June 6, 2019 meeting will be a 2-hour commitment, from 12:00 PM at Adventist Health Sonora.

We realize this is a big ask. We think this is a big opportunity. We hope you join us.

Contact us directly to discuss further. We can be reached at:

Tom Dickson, CEO, Sutter Amador Hospital (209) 223-7510

Doug Archer, CEO, Dignity Health Mark Twain Medical Center (209) 754-3521

Tyler Newton, Operations Executive, Adventist Health Sonora (209) 536-5012

Matthew Matthiessen, CEO, John C. Fremont Healthcare District (209) 966-3631 x5101

Save the Date: Launching the Motherlode Healthcare Industry Partnership – June 6, 2019
